The **stackable** frame which can be combined with four shell options makes this chair flexible and functional to any ambience.

The frame **with or without arms**, characterized by a trapezoidal section, is matt lacquered in white, black, light grey and anthracite grey, or chrome-plated.

Outdoor versions available with a lacquered frame and a mesh shell.

bendchairs

design Jehs+Laub

A chair with highly **versatile applications**, Bend lends itself not only to the domestic environment - the living room, kitchen, study corner - but also to work settings such as managerial offices and meeting rooms, and even to public areas in restaurants, cafeterias, receiving rooms and waiting rooms.

Shell options: wooden shell in curved wood lacquered in bleached or wenge-stained oak, natural or grey natural wood; 3D-upholstered shell characterized by a peculiar three-dimensional pattern; stretched upholstered shell; mesh shell.
