## FLOW COLLECTION

Designed by Jean Marie Massaud

Born in 2009 from an idea of Jean Marie Massaud, Flow is the iconic seat collection developed to satisfy the different needs of contract and residential sector.

The curved lines and the elegance of its profile combine in a perfect balance of comfort and ergonomics. With over 21.000 available configurations, there is a Flow perfect for any need and style.

The matt finishing of the shell is in harmony with a chromatic range in line with the market trends, in white, lead-gray, terracotta and white gray.

The bases – 4 steel legs, 5-point star base, central leg, VN 4-legged base and 4-legged wood bases – go with a non-upholstered shell, with front upholstered, fully upholstered or leather upholstered.

A particular attention was paid to the ergonomics and padding of the seat to guarantee an enveloping comfort, while wood takes on the tones of the bleached oak stained wood, natural, brown and canaletto walnut stained wood with bases with soft and fluid shapes.

The Flow collection distinguishes for its strong engagement towards SUSTAINABILITY: created with recycled materials, 73% of polycarbonate used in the shell come from renewable sources, while wood used for the basis comes from sustainable managed forests, respecting strict environmental standards along the whole production process.

The typological proposal of Flow ranges from Chair to Armchair, including Stool and Pouf.
