FLOW CHAIR IROKO

Designed by Jean Marie Massaud

Flow, icon of MDF Italia collection, renews itself and, thanks to the Iroko wooden base, it is also suitable for outdoor spaces. Flow Chair Iroko also meets the various design needs for contract, hospitality, and restaurant business.

The swivel 4-legged base, is made of solid Iroko, a very dense African wood, highly resistant to bad weather, light and extremes of temperature. A characteristic of this wood is its smooth, even surface. All parts made of Iroko are treated using an exclusive varnish, specifically for outdoor use.
