ARPA

Designed by Ramón Esteve

OUTDOOR FIXED OR MODULAR SOFA, ARMCHAIR, POUF AND SIDE TABLE

As its name implies, ARPA Collection is inspired by the harp, one of the most beautiful and mesmerizing musical instruments. Unlike the meticulous work involved in manufacturing a harp, in designing this collection, rigorous paring down was applied, resolving each piece with the least possible number of elements.

ARPA collection combines the stability of the orthogonal external shape with the softness and comfort of the inner cushion shell. The thin strings add elegance and fineness to every piece, giving a special sense of lightness, as if the whole cushion mass was hanging from the structure.

Designed to be timeless, ARPA aims to become an icon, not only for aesthetical reasons, but also for its functionality and comfort.

STRUCTURE

Backrest and seat loadbearing structure in stainless steel, 2 x 2 cm section, epoxy powder coated using specific treatment for outdoor use in matt goffered painted finish, in the colours white, corten and black iron. The seat frame has elastic straps, specifically for outdoor use. The backrest frame is woven by hand using high tensile polyester cord, in mass pigmented colour, able to guarantee high resistance to weather, abrasion, limited elongation, and colour fastness. The seats are made with original, exclusive weaving. The structure of the side table is the same of the armchair/sofa/pouf. Top made of fine porcelain stoneware laminate, matt variations in light grey calce or black calce. Bush hammered natural satin-finished corten.

CUSHIONS AND COVERING

Seat and back cushion with non-deformable double density polyurethane insert, for greater comfort. Seat filling with polyester fiber padding and viscoelastic polyurethane chips with shape memory characteristics, useful for improving the lift capacity of the padded seats and backrests. Fixed cover in polyester fabric coupled with water-repellent canvas, which seals and makes the cushion completely waterproof. Backrest filling with polyester fiber padding. Fixed cover in polyester fabric coupled with water-repellent canvas, which seals and makes the cushion completely waterproof. This particular composition of the cushion gives the padding a natural softness and elasticity, long-lasting and highly comfortable.

OUTDOOR COVERING TARPAULIN

All variants can be used both indoors and outdoors.

Specific protective sheet for outdoor products, waterproof, made of 100% polyester, external side with acrylic coating and internal side with acrylic resin. To emphasize its characteristics, the Teflon finishing, totally fungicide. Each sheet is equipped with a resealable lining, to be folded and stored correctly during the period of non-use.
