THEA

Thea, the new upholstered system, originates from the female interpretation of shapes and from the balance of guidelines in apparent antithesis: comfortable, cozy - tidy, dynamic - rigorous, lightweight - highly compact.

New 2016: standard and extra corner modules.

MINIMA 42

The considerable span of the shelf in extruded aluminium combined with the joining system, have allowed to develop the system in length, making it modern and adjustable to any kind of environment. Modular and flexible even thanks to the new kinds of storage units.

PAD 3.0

Simple lines and compact volumes mark the Pad 3.0 armchair and sofa collection. The result, designed to be as both home and contract furniture, is ideal in living rooms, offices, waiting rooms, lounge bars, restaurants and hotels.
